

Single-Use Plastic Policy

As the Parochial Church Council of William Temple Parish Church we pledge to follow the principles of the SeaStraw campaign to avoid single-use plastics.

We promise to discontinue the purchase and use of single-use plastic straws, cutlery, stirrers, food containers, cups and helium balloons. Reusable or compostable alternatives may be used.

To allow time to run down current stock, we will commit to go plastic free from January 2019.

Date

12/2/18
